I held an Angler Army t-shirt sale which ended 10 days ago. The shirts arrived from the printing company recently and I'm now packaging 200 shirts.

How I pack

Damn, Lil Com is sufficient.
I need 10 more sisters like her.

I also have ADHD, so I got distracted every
other second lol. And memory of a gold fish.

"Pocks shirt"

Did I put in the right size?

"Unpocks shirt"

Took my little sister 2 hours max to pock 70 shirts.
I spent 2 days on 100 shirts. LOLz.
